

Manu (Hell Squad, #16) As the battle against the invading aliens intensifies, a group of bad boy bikers and mercenaries will stand and fight for humanity's survival! When former berserker Manu Rahia lost his leg on a mission, he was forced to leave his squad. He knows his new role as head of the Enclave's firing range and armory is important, but hates that he isn't still out there fighting face to face against the aliens and protecting his brothers' backs. But then one woman catches his eye. A no-nonsense woman dedicated to her job as head of security. A woman who seems cool on the surface, but who Manu is convinced is hiding more under her business-like exterior. Captain Kate Scott dedicated her life to her career in the Army. Now she works hard taking care of security for the Enclave and its residents. She learned a long time ago that she isn't a passionate woman, and that she's better off sticking to her work. But seeing one big, bronze-skinned, muscled man at the range every day has her hormones going into overdrive. She's never felt like this and she's determined to get herself under control. But when the aliens launch a viscous new attack, right on the Enclave's doorstep, Kate and Manu must join forces to stop the raptors before more people get hurt. Kate will fight fiercely to protect her team and the base, as well as her heart. But Manu Rahia is a man who knows what he wants, will walk through fire to get it, and what he wants is Kate. Note to readers: This sci fi romance contains a lot of action (dangerous missions and deadly aliens), tough warriors (the badass berserkers of Squad Three) and a steamy romance (lots of sexy times between a sexy former berserker and the head of Enclave security). So if you like it fast, and gritty, and sexy, this is for you! Includes a preview of Gladiator, first book in Galactic Gladiators

Q & A with the Author Q -

How would you describe the Hell Squad series? A "Tough, alpha soldiers battling invading aliens. Hell Squad is science fiction romance with a dose of post-apocalyptic grit and a serve of military romance. There is lots of action, adventure and romance. But even in the middle of a fight for survival, the series is focused on hope, friends, family and love. Hell Squad has been one of my bestselling series and I'm thrilled the Hell Squad gang have so many fans. Q - Why did you want to write the series? A - I love action, adventure and romance. And I love science fiction romance and all the endless possibilities. I also wanted to write something that was a little darker and grittier than my more adventure-filled series, the Phoenix Adventures. Then I had this image of a former society party girl wearing fatigues squaring off with a scarred, battle-hardened soldier and Hell Squad was born. I'd intended it to be a single story but the Hell Squad soldiers had other ideas and literally came to life as I wrote the first book! Q - What order should I read the books in? A - All the Hell Squad books have stand-alone romances in them but the action arc of the invading aliens grows with each book. Many readers have entered the series with later books and they haven't been lost, but, characters from the early stories do appear in later books and I really think it adds something to the reading experience to read them in order. Here's the order I suggest: - Marcus - Cruz - Gabe - Reed - Roth - Noah - Shaw - Holmes - Niko - Finn - Devlin - Theron - Hemi - Ash - Levi - Manu < ...more Manu (Hell Squad, #16) PDF ebook
