Superbly written, *Into the Raging Sea* deserves a place on the bookshelf of modern maritime classics. Taking a hard look at America's aging merchant marine fleet, Slade also reveals the truth about modern shipping — a cut-throat industry plagued by razor-thin profits and ever more violent hurricanes fueled by global warming. A richly reported account of a singular tragedy, *Into the Raging Sea* takes us into the heart of an age-old American industry, casting new light on the hardworking men and women who paid the ultimate price in the name of profit. ...more [Into the Raging Sea: Thirty-Three Mariners, One Megastorm, and the Sinking of El Faro PDF ebook](#)
