Ballsy businesswoman Kay Hennessy wasn't sure she'd ever set foot back in Chicago after her ex cheated on her and broke her heart. When she finally revives her courage, she returns to the city only to be courted by the man who once devastated her. Chase wants her back, and she's ready to consider his proposal until she meets a sexy billionaire who may have a few extra talents she didn't even know were possible. Little do either of them know that Hudson is really a shifter prince who can't take the throne without a mate.
